Eyewise Eyecare Plan (EEP)

Quality Eyecare - for you and your family

The Eyewise Eyecare Plan lets you spread the cost of your eye care, and if you wear them, the cost of your contact lenses, over the year through one payment per month.

We believe everyone deserves to have access to affordable quality eye care, and regular consultations with your optician are an essential part of maintaining eye health. The cost of routine eye appointments, including emergency eye care, can be covered by joining the Eyewise Eyecare Plan, which can be tailored to suit individual needs.

Payments are made by monthly direct debit, and your payment is based on our professional fees, including eye examinations, contact lens checks, diagnostic procedures such as enhanced eye health scan using OCT and/or Optomap Widefield Scan, plus the cost of contact lenses, if applicable.

If your eye care requirements change or your contact lenses change then your monthly Direct Debit payments can easily be altered accordingly.

Setting up a plan for children and students under the age of 19 can give peace-of-mind cover for regular monitoring of their eyesight and eye health through the developing years.

The Eyewise Eyecare Plan

Ask us about the Eyewise Eyecare Plan and we will be delighted to go through the details and put together a plan that suits you- when you are happy with it, all you have to do is complete a Direct Debit form and we will do the rest.
